

South Nottinghamshire Integrated Care Partnership

Byron Primary Care Network

Oakenhall Medical Practice | The Om Surgery | Torkard Hill Medical Centre | Whyburn Medical Practice

Population:
36,782 patients

“Improving health outcomes and increasing access to service provision”

Our priorities

Care homes

We want to standardise registration procedures and GP support and alignment across care homes. There will be a particular focus on dementia and mental health diagnosis, which are perceived to be high in care homes.

Smarter working and resilience

We will focus on skill mix and workforce development, and pooled working. Increased use of digital working will help us streamline processes and share best practice.

▼ Unless otherwise stated, comparisons are to England averages. Source: Notts CC 2019

High level of child poverty

High prevalence of back pain and severe back pain

Higher all-age death rate for all causes

Lower healthy life expectancy
